(previous years President Elect)

____ State President Elect

____ State Vice President

____ State Secretary

____ State Treasurer

If elected, may we share your name, office, district, email address and phone number with other officers?

_____ **Yes** _____ **No**

Officers are installed into their elected office at the annual NC 4-H Volunteer Leaders' Conference.

This conference is typically held in the RTP area the first weekend of February. However, the date and location are subject to change. For 2022 the dates are February 4-5, 2022 and the conference will be held in Durham, NC. You are expected to be present at the officer installation.

An Officer Training Seminar is held in March.

The dates and location for this training is given to the newly elected/installed officers at the conclusion of the installation program. This training seminar is vital to the association. The dates for 2022 are March 18-19, 2022 and will be held in the Raleigh area. You are expected to attend the training seminar.

On the State level, the newly elected/installed officers have the opportunity to come together as a team for the first time at this seminar. It is also the time when the previous conference evaluations are reviewed; planning for the next conference begins; preparation and approval of the Association's annual budget, just to name a few.

On the District level, the newly elected/installed officers have the opportunity to come together as a team for the first time at this seminar. During this weekend, these District Officers are given the time to have their first executive board meeting; discuss their association's needs and begin to plan for the District's year including Spring and/or Fall Day events, annual conference responsibilities, etc.

_____ I agree to the above statements.
