# NC Agriculture

**2x** The world must double current food production in 30 years to feed a population estimated at nine billion.

North Carolina livestock is worth \$8 billion a year. It ranks 2nd in the nation in poultry, turkey, pork and trout production.

North Carolina is the nation's third most diverse agricultural state, with nearly all climatic and soil conditions represented.

Agribusiness is the number one sector in the state's economy.

**#1**

## Soldiers to Ag (STAG) Program
